

# Welcome to your September newsletter!

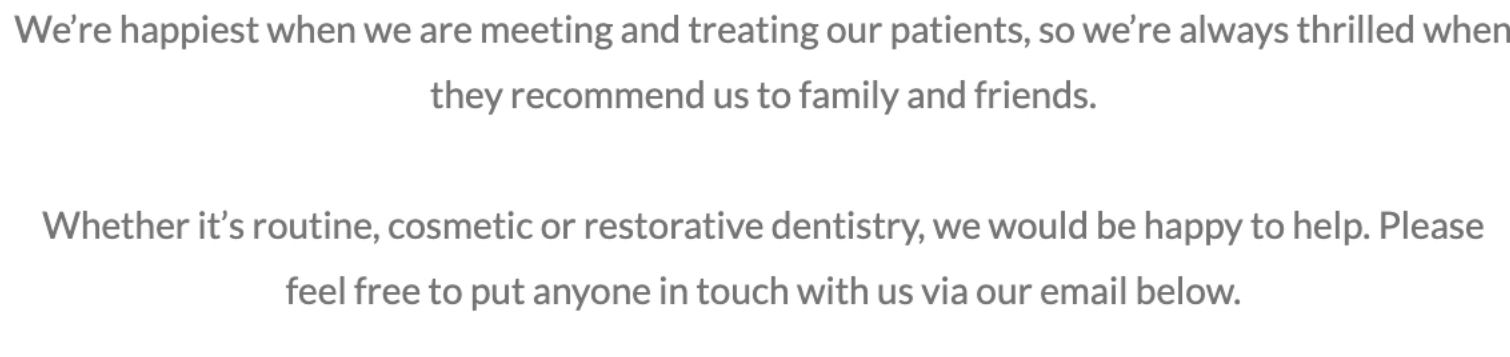

Hello to all of our lovely patients, and welcome to this month's newsletter! September is nearly over, and whilst we do wish summer would last forever, we're eager for the fresh start that September brings. We hope you've all had a relaxing few months and enjoyed some well-deserved time off.

We have had an exciting month here at Dental Rooms, and we can't wait to tell you all about it. Scroll down to read a heartwarming story from one of our patients, the benefits of Invisalign treatment, and how you could view a simulation of your perfect smile in just one minute!

## We're now welcoming new patients

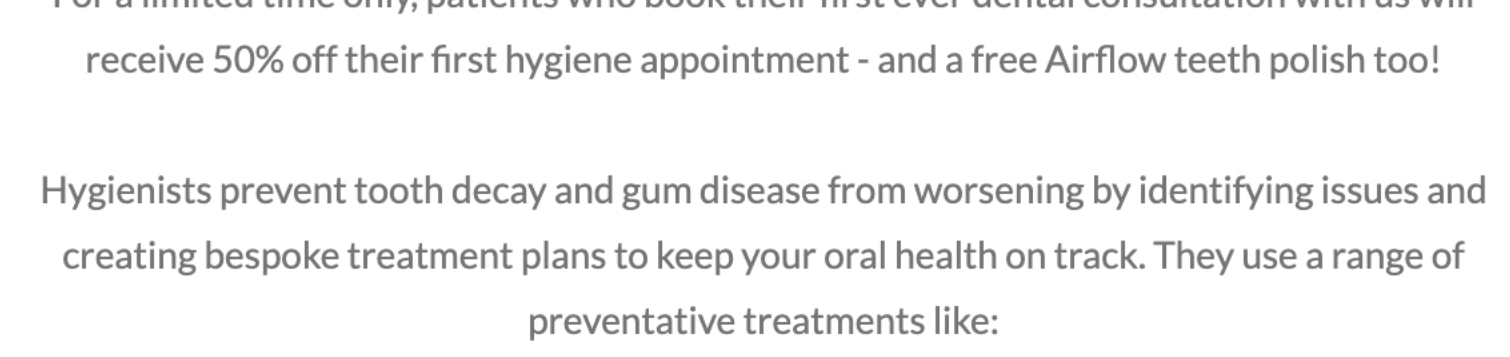

Dental appointments are notoriously hard to get hold of at the moment - if someone you know is looking for a new dentist, we would love to welcome them to Dental Rooms.

We're happiest when we are meeting and treating our patients, so we're always thrilled when they recommend us to family and friends.

Whether it's routine, cosmetic or restorative dentistry, we would be happy to help. Please feel free to put anyone in touch with us via our email below.

## Save 50% on your first hygiene appointment!

For a limited time only, patients who book their first ever dental consultation with us will receive 50% off their first hygiene appointment - and a free Airflow teeth polish too!

Hygienists prevent tooth decay and gum disease from worsening by identifying issues and creating bespoke treatment plans to keep your oral health on track. They use a range of preventative treatments like:

- Fissure sealants
- Fluoride applications
- Scale and polish treatments
- Airflow teeth polishing
- Gum treatments

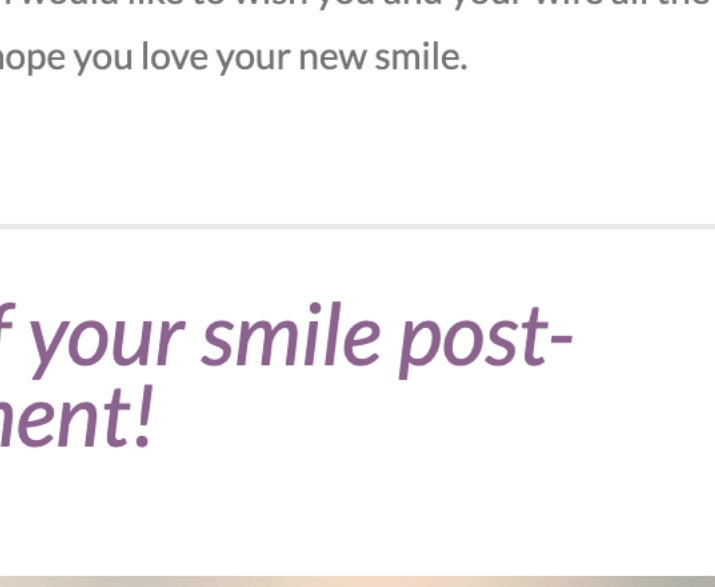

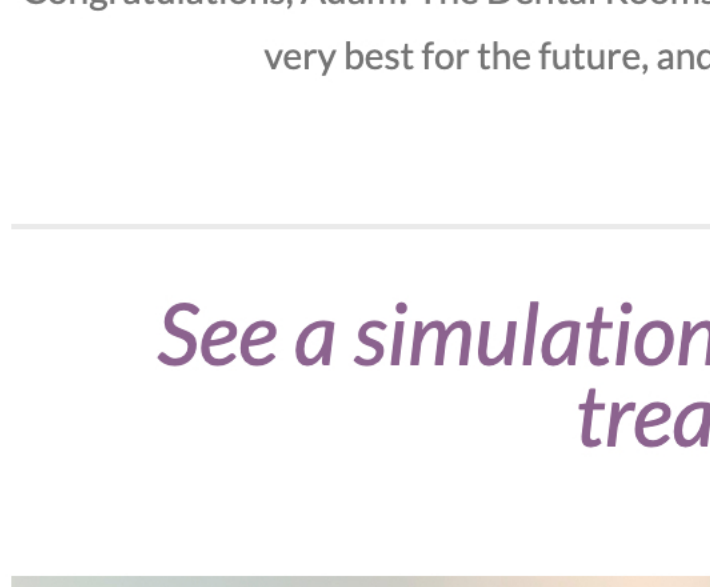

Airflow polishing is an innovative treatment that uses a gentle mix of air, powder, and water to remove plaque, tartar, and stubborn stains. It is a non-invasive yet effective method of future-proofing your teeth.

They will also offer expert oral health and diet advice, along with brushing and flossing techniques that you can use at home.

Book your first consultation now to take advantage of this exclusive offer!

## A smile fit for a wedding

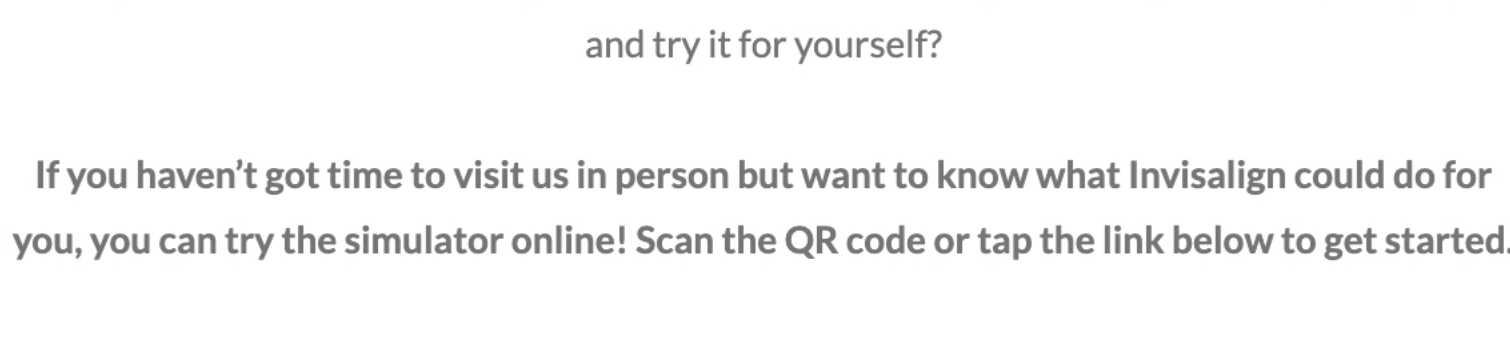

Here is one of our lovely patients, Adam Cooper, who recently completed his Invisalign treatment with us.

We were thrilled to hear that he put his brand new smile to good use not long after his last visit when he married his fiancé! Adam shared some wedding pictures with us - doesn't his new straight smile look incredible?

Congratulations, Adam! The Dental Rooms team would like to wish you and your wife all the very best for the future, and we hope you love your new smile.

## See a simulation of your smile post-treatment!

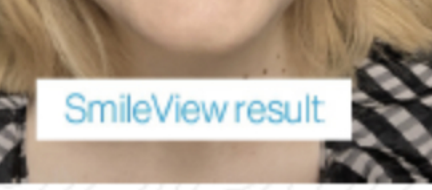

Introducing...our new Invisalign Zone!

If you have always wondered what you would look like with perfectly straight teeth, now's your chance to see! And you don't have to go through treatment first.

Simply take a selfie on our iPad in the practice, and you'll see an almost instant simulation of what your smile could look like post-treatment with Invisalign clear aligners. Why not pop in and try it for yourself?

If you haven't got time to visit us in person but want to know what Invisalign could do for you, you can try the simulator online! Scan the QR code or tap the link below to get started.

## What makes Invisalign so special?

Invisalign is one of our most popular treatments amongst patients who want to straighten their smiles - but what makes it so special?

- Not only are they discreet, but they're removable too!
- Gone are the days of avoiding foods like popcorn or chewy sweets (although we suggest you steer clear of these anyway).
- With Invisalign, you can remove your aligners to eat, drink, brush, and floss - as long as you wear them for a minimum of 22 hours per day.

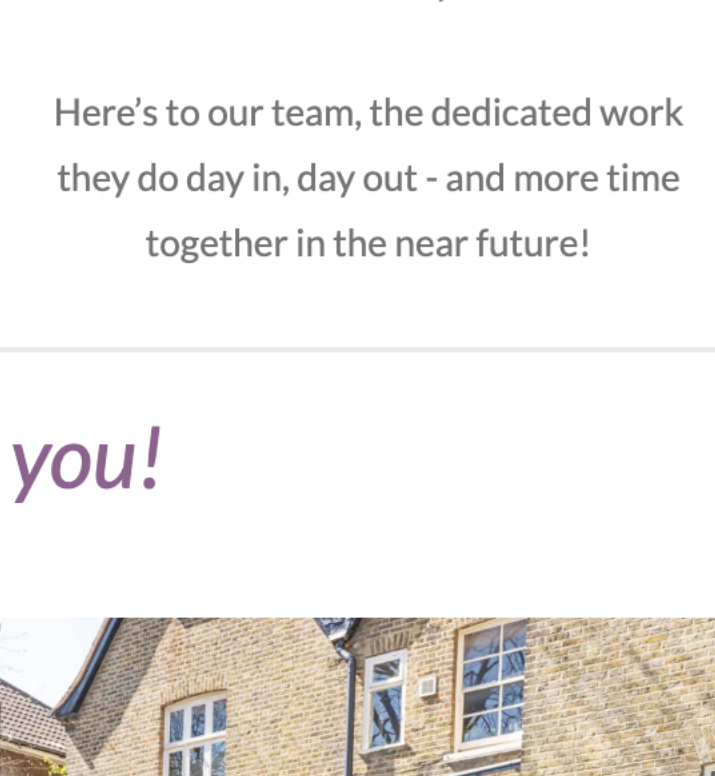

Remember that we offer 0% finance payment plans to help you spread the cost of your dream, straight smile. Visit our website to book a consultation!

## Our Backyard Summer BBQ

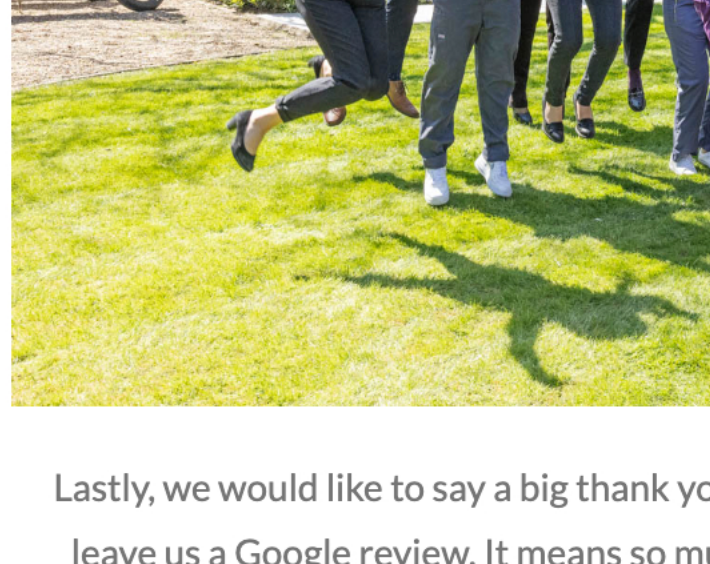

As you can see, we all had such a blast celebrating at the Dental Rooms Backyard Summer BBQ on 6th August!

It was the perfect opportunity to recognise our hard-working team and come together in the sunshine to enjoy some tasty food and delicious cocktails from The Cocktail Lab.

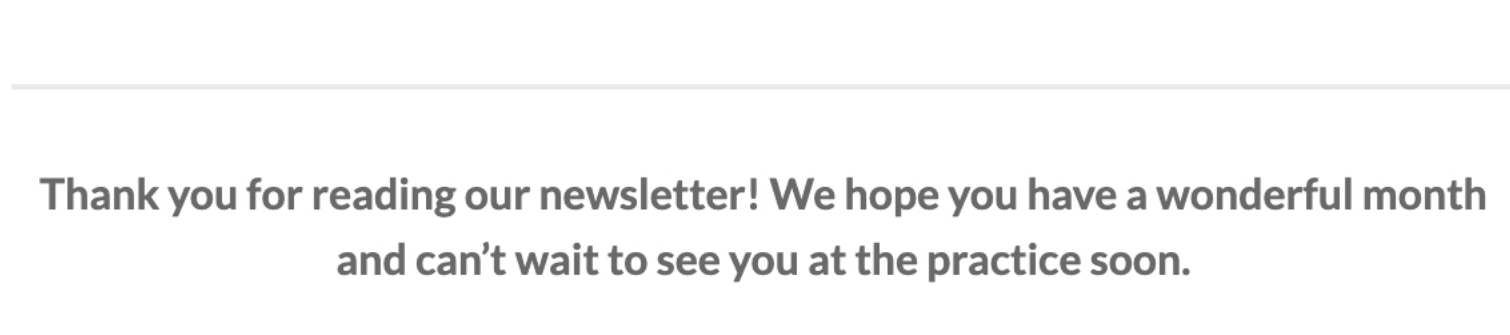

We also had the chance to try salsa and line dancing, led by Adam, our dance instructor for the day.

Here's to our team, the dedicated work they do day in, day out - and more time together in the near future!

## Thank you!

Lastly, we would like to say a big thank you to all our patients who have taken the time to leave us a Google review. It means so much to us and we love reading your kind words.

If you have had an experience to write home about and would like to leave us a review, tap the link below!

[Share your thoughts](#)

Thank you for reading our newsletter! We hope you have a wonderful month and can't wait to see you at the practice soon.
