Patient stories

We always see first-hand the transformative and life-changing effect of cosmetic and restorative dental treatment. In this newsletter, we wanted to share four incredible patient stories that show this in action!

Timothy

This is one of Dr Dev's long-standing dental implant patients, Timothy. He completed his implant treatment 25 years ago and his dental implants are still going strong. He is pleased with the longevity and durability of his treatment. His treatment also included dental implants, a bridge, and restorations, completed by Dr Dev!

It's safe to say he is a very happy and satisfied patient., and we love seeing him at the practice whenever he visits us!

Dianna

We recently had a treatment celebration for our wonderful patient Dianna, who has been seeing Dev for over 3 years. She has completed her dental implants, crowns, and bridge treatment with us!

Dianna is so kind and loving - she bought flowers and a card for our Implant Nurse, Krystyna, and a big box of chocolates for the team to show her appreciation for the care and support she received from us. We congratulated her with a little present and celebrated her special day.

Hari

Here's one of our lovely patients, Hari, pictured with his mum at the Dental Rooms practice.

Hari came to us looking to straighten his smile. Dr Angela and Sara, our Orthodontic Therapist, used Invisalign to achieve a stunning result! Hari is very pleased with his new smile.

David

David is another patient who our lovely patient of Dr Angela and Sara's who who straightened his smile with Invisalign treatment.

He also visited us for a routine hygiene appointment with Vasiliki and Ipek, our in-house dental hygienists!

Team news

We celebrated International Women's Day on Wednesday 8th March! Our wonderful team is filled with intelligent, skilled and experienced women who are committed to delivering the best standard of care to our patients. We loved having the chance to thank each and every one of them for the light, love, laughs, value, and dedication they bring to our practice each and every day!

In other news, we had a practice meeting on Friday 24th March to discuss ways of improving patient care and daily operations, along with an in-depth exploration of our compliance and ways to make the practice safer for our patients and staff.

We followed this by a relaxed 'Fizzy Friday' to celebrate our high-quality care and standards - and, of course, to unwind!

And last - but by no means least! Two of our nurses, Sabrina and Anna, received their GDC certificate of registration last month! We celebrated with a lovely team lunch and gifting them some gorgeous flowers.
